MASSEY FERGUSON

MF 1800 E SERIES // 25-40 HP
HAULING // MOWING // LANDSCAPING

The Massey Ferguson® 1800 E Series is a practical, get-it-done tractor that can take on tasks that would likely overwhelm others in its class. Built with a stout, rugged cast rear end, a solid cast front axle and a robust rear 3-point hitch, this is the machine that gets any job done, no questions asked.

**LANDOWNERS
READ THIS!
STANDING
TIMBER WANTED**

We're local, our roots and families are here, and we've been doing this with professionalism and integrity for a long time, helping landowners in your community manage their timber ethically, with respect for their properties, and with fair payment for their trees. We're not brokers or middlemen. We assess your timber, manage all aspects of the process, and are committed to using all wood by-products responsibly. "Forest to Final Form" We feel so blessed for your consideration and continued support. We hope to meet you... or see you again soon!

How the ColorBond paint system takes metal roofing to a new level...

Researched & developed over the past 50 years

Understated, yet undeniably beautiful, the COLORBOND® paint system helps protect steel from UV exposure and various weather conditions, including extreme heat and cold, dust, rain, wind and hail. And what is COLORBOND®?

Composed of proprietary paint and pretreatments, the COLORBOND® paint system uses a polymer primer and ceramic (inorganic) finishing coat that's oven-cured to improve adhesion and film integrity and reduce peeling, chipping and cracking. The finish coat also features solar-reflective ceramic pigments, which help conserve energy in homes and commercial buildings and contribute to the sustainability of the installation.

Tested To Last. For over 50 years, COLORBOND® – developed by BlueScope Steel and leading paint companies – has undergone Australian research and development in some of the harshest weather conditions on the planet. In these regions, corrosive environments and high solar intensity can take a toll on painted products. But with COLORBOND® pre-painted steel, surfaces offer superior resistance to corrosion, dirt retention, chalking and color fading and provide excellent gloss retention for lasting beauty.

To see a sample of metal roofing that uses ColorBond technology simply stop by Eastern States Metal Roofing at 7820 Route 474 in Panama, NY or call 716-355-4374.
