MASSEY FERGUSON

MF 1800 E SERIES // 25-40 HP

HAULING // MOWING // LANDSCAPING

The Massey Ferguson 1800 E Series is a practical, get-it-done tractor that can take on tasks that would likely overwhelm others in its class. Built with a stout, rugged cast rear end, a solid cast front axle and a robust rear 3-point hitch, this is the machine that gets any job done, no questions asked.

Re-Roofing??

Check out the advantages of a metal roof...

Durability. Asphalt roofs can require re-roofing every 12-20 years. An asphalt roof starts to break down as soon as it's installed. Weather and ultraviolet light break down the oil infused paper or fiberglass. A metal roof coated with AZM coating will significantly outlast asphalt roofing.

Style. Metal roofs are now available in a wide variety of styles and colors allowing your home or structure to stand out. And a metal roof can be installed over the top of an existing asphalt roof.

Environmental. Metal roofs are good for the environment. Millions of pounds of asphalt shingles are dumped in landfills across the country. Metal roofing is often composed partially of recycled metals.

Ice Issues. If ice problems exit it's easier to add additional insulation to a metal roof than it is a comparable asphalt roof- Just ask us how!

To see metal roofing simply stop by
Eastern States Metal Roofing at 7820 Route 474 in Panama, NY or call 716-355-4374.
