1954 CHRIS-CRAFT STYLE 12 FOOT Mahogany Antique Runabout

This charming boat includes a trailer (with Hy-Lyter) and 9.8hp Tohatsu outboard motor (with stand) that are like new and a heavy duty cover and paddles. The boat was reconditioned a few years ago and the finish is in excellent condition but the transom needs a minor repair.

It originally was a kit boat and the manufacturer is listed as "Homemade" on the registration.

It has always been stored in a boat house or garage.

AZM Gives You One More Reason Why Your Next Roof Should Be Made of Metal...

Who doesn't want metal roofing that lasts longer?

Everlast Roofing Inc. has raised the bar when it comes to the durability of metal roofing by introducing AZM brand roofing with Activate Technology. This product is a highly corrosion-resistant coated steel known as Zincaume which is then treated with the Activate Technology.

And what does this all mean?

It means you now have access to metal roofing that is more corrosive resistant than previous generations of metal roofing- Especially at the cut edge!

To see this new roofing simply stop by Eastern States Metal Roofing at 7820 Route 474 in Panama, NY or call 716-355-4374.

Both of these test panels were exposed to very harsh, salt-water conditions on the coast of Australia. The left panel is an example of AZM brand metal roofing. The right panel is standard galvalume... As you can see corrosion is rapidly creeping in on each corner of the galvalume panel.
